VOL. XXIII

Metamorphosis

Metamorphosis is a familiar metaphor for becoming. For this collection, I thought about a woman maturing—what she sheds, what she rediscovers, and the freedom that comes with knowing herself.

Our last volume explored love and connection. This chapter turns inward, towards trusting your own voice, reclaiming your power, and embracing your sensuality.

In the clothes, sheer layers meet utility details, rich colour contrasts, and silhouettes that balance structure with ease. Adjustable elements allow each woman to make a piece her own, letting her personality lead.

For me, Metamorphosis is about becoming more fully yourself—and embracing the confidence that comes with it.

XO,
Yoya
